NAME OF PATIENT.

not presenting any evidence of contagious disease, is recommended for admission to the Boston Floating Hospital as { a day patient.
{ a permanent patient.   (Cross out one.)

Remarks:

....M. D.

(DIRECTIONS FOR PATIENTS ON OTHER SIDE)

RULES to be strictly enforced.

1. Mothers must not bring food for themselves or the children, *any such brought will be taken from them.* The sick babies will be fed at regular intervals, and mothers and children will be furnished with dinner. Feed the child before leaving home.

2. If the mother has, beside the sick baby, a well child *under six years of age*, which cannot be left at home, she may bring one such child, *and one only*, if so specified by the doctor on this ticket.

3. If stormy on the day set for any trip it will be postponed to some date which will be given by the doctor or other person from whom you obtained your ticket.

ROUTES.

(*a*) Red car from Park Square through Eliot and Kneeland Streets and Atlantic Avenue and return; green car on Washington Street, marked " Forest Hills and Atlantic Avenue " on dasher, and " East Boston Ferries " on top sign, or

(*b*) Take any car marked East Boston. Get off at corner of Hanover and Richmond Streets, and walk down Richmond Street to Commercial Wharf, South side, or

(*c*) Take any Rowe's Wharf car, and walk from where it leaves you to Commercial Wharf.

(*d*) For Pickert's Wharf, East Boston, take car to North Ferry, and follow signs posted in conspicuous places near Ferry on East Boston side.
